I. Definitions

This Plan uses and incorporates the definitions from ORS 459A.200 to 459A.266 and related rules (the “Drug Take-Back Law” or the “Law”). The definitions in this Section are for terms not defined in the Drug Take-Back Law. All defined terms are capitalized in the Plan.

Call Center is the call center operated by MED-Project for Covered Entities, which can be reached by callers at a brand neutral toll-free telephone number. If there are multiple approved plans, the Call Center will become the jointly operated call center for Covered Entities, which can be reached by callers at the same brand-neutral toll-free telephone number.

Carrier is a common or contract carrier used to transport Covered Drugs.

Collection Event means a one-day event conducted by MED-Project with oversight by law enforcement at a location accessible to the public for the collection of Covered Drugs from Covered Entities.

DEA is the U.S. Drug Enforcement Administration.

DEA Rule is the DEA Final Rule, “Disposal of Controlled Substances,” 79 Fed. Reg. 53,520, codified at 21 C.F.R. § 1300, 1301, 1304, 1305, 1307 and 1317 and adopted on September 9, 2014.

Department means the Oregon Department of Environmental Quality.

DOT is the U.S. Department of Transportation.

Help Desk means resources and support available to Authorized Collectors, Drop-Off Sites, and Mail-Back Distribution Locations provided through the Website, Call Center, or oregon@med-project.org.

Historically Underserved Communities means groups of people across the State that are members of the same minority, lower-income, rural, and other historically underserved communities as defined in the Plan.

Inhaler Mail-Back Packages are pre-paid, pre-addressed mail-back packages provided by Vendor for the collection and disposal of inhalers.

Injector Mail-Back Packages are pre-paid, pre-addressed, United States Food and Drug Administration-cleared sharps container mail-back systems provided by Vendor for the collection of Pre-filled Injector Products.

Mail-Back Distribution Location means a public, private, or not-for-profit facility, such as a town hall or library, that offers Mail-Back Packages for use by Covered Entities.

Mail-Back Packages are pre-paid, pre-addressed mail-back containers, envelopes, packages, or systems provided by Vendor for the collection and disposal of Covered Drugs.

Plan is the State of Oregon drug take-back plan presented in this submittal, including as amended or supplemented.

Pre-filled Injector Products are pre-filled injector products with a retractable or otherwise securely covered needle from which Covered Drugs cannot be removed.

Program is the Drug Take-Back Program established by this Plan.

Rapid Response is a response provided by Vendor to an incident or other event at a Drop-Off Site requiring an urgent response. Rapid Response does not include emergencies that pose an immediate threat to the environment or health.

Secure Repository means a kiosk supported by MED-Project for the collection of Covered Drugs at a Drop-Off Site. Secure Repositories comply with all applicable laws, rules, and other legal requirements.

Specified Languages are any languages spoken by greater than 1% of the population of the State as identified in the most recent census and additional languages as determined in consultation with local governments and Historically Underserved Communities.

Standard Mail-Back Packages are pre-paid, pre-addressed mail-back envelopes provided by Vendor for the collection and disposal of Covered Drugs, except for inhalers and Pre-filled Injector Products.

State means the State of Oregon.

Vendor is any vendor hired by MED-Project to provide goods or services under the Program.

Website is the website operated by MED-Project and located at a brand-neutral URL. If there are multiple approved plans, the Website will become a jointly operated website with the same brand-neutral URL and a brand-neutral landing page.

II. Financing

A. Program Costs

MED-Project USA ("MED-Project"), a Drug Take-Back Organization organized as a non-profit organization exempt from income tax under § 501(c)(3) of the Internal Revenue Code, submits this proposed Drug Take-Back Program on behalf of the Covered Manufacturers identified in [Appendix A](#) and pursuant to ORS 459A.200 to 459A.266. Covered Manufacturers will pay all costs associated with the Program through MED-Project. Program costs will be apportioned among each Covered Manufacturer participating in the Program using a tiering system based on units sold. Costs of the Program are apportioned only among the Covered Manufacturers participating in the Program and not the full list of Covered Manufacturers subject to the Law.

Neither MED-Project nor any Authorized Collector will impose a charge against Covered Entities to recoup the costs of the Program.

B. Estimated Program Budget

MED-Project's estimated budget covers a 12-month calendar period of anticipated operations from July 1, 2021, through June 30, 2022. The Program budget for total cash expenditures for this 12-month period is based on forecasts, projections, and other predictive statements that represented MED-Project's assumptions and expectations in light of the information that was available at the time the budget was approved. MED-Project's Program budget is based on MED-Project's knowledge of performance, industry trends, and other factors, and involves risks, variables, and uncertainties. MED-Project's actual performance may differ from what is projected in the Program budget. No guarantee is implied as to the accuracy of the Program budget. MED-Project's estimated budget is set forth in Table 1.

Table 1: Estimated Program Budget

	Year 1: July 1, 2021 to June 30, 2022
Administrative Costs	\$757,000
Collection and Disposal Costs	\$1,296,000
Communication Costs	\$231,000
Total Program Costs	\$2,284,000

C. Experience Operating Drug Take-Back Programs

MED-Project USA, along with its subsidiaries, develops and implements household pharmaceutical product stewardship programs across the United States. MED-Project USA's affiliated companies first began operating a program for unwanted medicine in 2015 and are currently approved to operate 24 pharmaceutical product stewardship programs in four cities, 16 counties, and two states, serving over 21.5 million covered entities across the United States. MED-Project USA is a 501(c)(3) non-profit, tax-exempt organization developing proposals for programs in an additional two states, which will serve an additional over 51 million covered entities.

D. Financial Health

MED-Project programs are funded by their participating manufacturers. This includes manufacturers of branded and generic prescription and non-prescription pharmaceutical products. MED-Project prepares the fiscal year budget in advance of the year. This budget is approved by the Board of Directors. After the budget has been finalized, participating Covered Manufacturers commit to participate and fund the program in advance of the year. In addition, during the budget approval process a reserve level is also approved. The reserve fund is held by the organization to cover any unanticipated costs as well as anything else that may arise that was not contemplated during the budget preparation. If actual expenditures exceed the budget and reserves, there is a mechanism in place to raise additional funds from participating manufacturers. [Appendix A](#) provides a list of the Covered Manufacturers participating in the Program.

III. Management

A. Management of Contracts

MED-Project procures and oversees Vendor services to implement Program logistics along with other selected capabilities. MED-Project has systems in place to establish, maintain, and monitor compliance with its agreements with Authorized Collectors and Vendors involved with the collection and disposal of Covered Drugs.^{1,2} MED-Project conducts reviews with selected Vendors to address trends and service levels. These systems enable MED-Project to keep its agreements current and avoid potential impacts based on contractual issues on the services provided to Covered Entities.

Requirements imposed on Vendors, Authorized Collectors, and others in the Plan are set forth in contracts with those entities, unless noted otherwise. MED-Project retains legal responsibility to meet all of its obligations under the Plan and applicable laws and regulations. MED-Project recognizes that failure to meet its legal responsibilities under the Plan or ORS 459A.200 et seq., regardless of the cause for such failure, could result in enforcement under ORS 459A.239.

B. Record-Keeping

MED-Project has systems in place to properly maintain its internal records, including the records required to meet its reporting obligations and to manage its Program. MED-Project's records include, among other things, information about MED-Project communications with Potential Authorized Collectors, participating Drop-Off Sites, collection and disposal of collected Covered Drugs, and Vendor management. MED-Project will also retain records of any reviews, audits, or inspections of Vendors and Authorized Collectors. MED-

¹ Covered Drugs collected in Secure Repositories, at Take-Back Events, through Standard Mail-Back Packages, and through Inhaler Mail-Back Packages do not include Pre-filled Injector Products. Covered Drugs collected in Standard Mail-Back Packages and Injector Mail-Back Packages do not include inhalers.

² Education and outreach materials provided in appendices to the Plan may refer to Covered Drugs as unwanted medicine.

Project will retain all records for at least three years or for the period of time required by applicable laws and regulations, whichever is longer, and for longer upon DEQ's request. MED-Project will cooperate with requests it receives to audit its records under ORS 459A.236(3) and, in response to such audit requests, will provide the Department with access to the requested records at the Department's Headquarters office upon request.

MED-Project also requires that its Vendors and Authorized Collectors maintain certain records, including those required under the DEA Rule, Oregon Board of Pharmacy, and the Law.

C. Reporting

MED-Project will submit an annual report on the development, implementation, and operation of the Program. The annual report will cover a reporting period from July 1 to June 30 and will include the information required in ORS 459A.230. The annual report will include information about engagement with Historically Underserved Communities, including the date and nature of any engagement activities and a summary of any additional services or events proposed or provided as a result of the engagement with Historically Underserved Communities. For additional services provided during the reporting period, MED-Project's annual report will include relevant metrics for the additional services, which will include the number of Mail-Back Packages provided to additional Mail-Back Distribution Locations, the weight collected through returned Mail-Back Packages distributed by each additional Mail-Back Distribution Location, the number of households receiving direct mailers sent per zip code, the amount of Covered Drugs collected through additional Drop-Off Sites, and changes to outreach and educational materials, including the provision of materials in additional languages.

MED-Project will submit the annual report to the Department by November 1, after the end of each reporting period, beginning in 2022, in a form and manner prescribed by the Department.

Because of diversion concerns associated with identifying amounts of Covered Drugs collected at individual Drop-Off Sites, MED-Project will provide to the Department in the annual report the total amount of drugs collected at each Drop-Off Site on a list that uses a unique site ID for each Drop-Off Site. MED-Project will provide the Department with a confidential site identification list that can be used to match each unique site ID to a Drop-Off Site participating in the Program. MED-Project will provide the total amount of drugs collected at each unique site in a manner that assists the Department in determining the rate of use of each Drop-Off Site.

MED-Project will provide notice of changes and updates to the Plan as required under ORS 459A.209(5)-(6), 459A.212, and ORS 459A.209(7)(d).

D. Compliance Oversight of Service Providers

MED-Project will enter into agreements with all relevant entities participating in the Program before establishing Drop-Off Sites, establishing Mail-Back Distribution Locations, or scheduling Collection Events. MED-Project agreements require that Authorized Collectors and Vendors involved in the collection and disposal of Covered Drugs maintain policies and procedures covering safety, security, and compliance with all applicable laws, regulations, and other legal requirements. These policies and procedures shall be followed by persons handling Covered Drugs collected under the Program.

MED-Project will audit Vendors through annual:

- Review of documentation used by Vendors.
- Periodic on-site audits of Vendor facilities.
- Review of processes and procedures for compliance with relevant regulatory agencies.
- Review of processes and procedures to ensure satisfactory service levels are in place to ensure the secure collection and disposal of Covered Drugs.

MED-Project will cooperate and coordinate with DEQ and the Oregon Board of Pharmacy in DEQ's and the Board's inspection of Drop-off Sites.

MED-Project will provide notice of changes and updates to the Plan as required under ORS 459A.209(5)-(6), ORS 459A.212, and ORS 459A.209(7)(d).

E. Compliance with Applicable Laws

The following sections provide an overview of applicable laws, regulations, and other legal requirements with which the Program is designed to comply.

1. DEA Controlled Substances Act and Implementing Regulations

Collection of controlled substances is generally limited to Schedule II, III, IV, or V controlled substances that are lawfully possessed by an ultimate user. *See* DEA Rule §§ 1317.75(b); 1317.70(b). Schedule I controlled substances, controlled substances that are not lawfully possessed, and other illicit or dangerous substances will not be collected. Because these provisions of the DEA Rule limit collection of controlled substances to those lawfully possessed by an ultimate user or certain other persons, pharmacies are prohibited from disposing of their own inventory or stock through the Program. *See id.*; *see also* § 1317.05.

The DEA Rule provides that law enforcement agencies can continue to accept controlled substances for disposal, however, the DEA Rule also provides that retail pharmacies, reverse distributors, hospitals/clinics with on-site pharmacies, narcotic treatment programs, and certain other entities, can modify their registration with the DEA to "collectors" and become authorized at their discretion on a voluntary basis to accept controlled substances.

The DEA Rule:

- Provides for the collection of controlled substances at Drop-Off Sites at law enforcement agencies, and registered retail pharmacies, hospitals or clinics with on-site pharmacies, narcotic treatment programs, and certain other entities.
- Provides for the use of mail-back programs to collect controlled substances.
- Establishes detailed collection, recordkeeping, security, and other measures for all approved collection methods.
- Provides that all collected pharmaceutical products be destroyed so that the products are rendered non-retrievable.

Controlled substances collected pursuant to the Program may be commingled with non-controlled substances at Drop-Off Sites and in Standard Mail-Back Packages per the DEA Rule. *See* §§ 1317.75(b); 1317.70(b).

a. DEA Registration Modification

Pursuant to DEA Rule. § 1301.51(b), pharmacies and narcotic treatment programs may modify their registrations to become authorized collectors by submitting a request to the DEA or online at www.DEAdiversion.usdoj.gov. This request must contain:

- The registrant's name, address, and registration number (as printed on the registration certificate).
- The collection methods the registrant intends to conduct.
- A signature in accordance with § 1301.13(j).

MED-Project will consult with participating pharmacies and narcotic treatment programs, as requested, regarding how to modify DEA registrations to become Authorized Collectors.

b. Mail-Back Services

Per DEA Rule § 1317.70(c), Standard Mail-Back Packages³ will be:

- Nondescript with no markings or information potentially indicating that they contain Covered Drugs, including controlled substances.
- Water and spill-proof, tamper-evident, tear-resistant, and sealable.
- Pre-addressed with and delivered to Vendor's registered address.
- Provided with a unique identifier enabling tracking.

When using Mail-Back Services, Covered Entities and persons lawfully entitled to dispose of a Covered Entity/decedent's property will not be required to provide any personally identifiable information. *See* § 1317.70(d).

Per § 1317.70(e), Vendor will only accept Standard Mail-Back Packages provided by Vendor or packages lawfully forwarded under DEA requirements. Within three business days of receipt, Vendor will notify the DEA if it receives mail-back packages likely containing controlled substances that Vendor did not make available or did not agree to receive per DEA requirements.

Per § 1317.70(f), when Standard Mail-Back Packages are received, only Vendor employees will handle the Standard Mail-Back Packages; Standard Mail-Back Packages will not be opened, x-rayed, analyzed, or otherwise penetrated upon receipt by Vendor.

If Vendor needs to store filled Standard Mail-Back Packages, they will follow all applicable security requirements of DEA Rule § 1317, including securely storing Covered Drugs consistent with the requirements for Schedule II controlled substances.

All Covered Drugs will be destroyed promptly at the receiving facility or at a separate location with the approval of DEA as allowed by § 1317.70(a). Vendor will keep all records required under the DEA Rule, including those identified in § 1304.22(f).

c. Collection Events

Pursuant to DEA Rule §§ 1317.65(a), (b), at least one law enforcement officer will oversee collection at Collection Events. Law enforcement officers will maintain control and custody of all Covered Drugs from collection until the Covered Drugs are securely transferred, stored, or destroyed. Only ultimate users in lawful possession of controlled substances in Schedules II-V and persons authorized to dispose of an ultimate user decedent's property may transfer these substances to law enforcement during the Collection Event. DEA Rule § 1317.65(e). No other person shall handle controlled substances at Collection Events. Vendor may assist law enforcement in the collection of Covered Drugs at Collection Events. Disposal of Controlled Substances, 79 Fed. Reg. 53520, 53539 (Sept. 9, 2014).

Vendor and law enforcement will maintain all records of removal, storage, or destruction of the collected Covered Drugs in a manner consistent with the law enforcement agency's recordkeeping requirements for illicit controlled substances evidence. DEA Rule § 1317.35. Any collected Covered Drugs will be stored to prevent the diversion of controlled substances and consistent with the law enforcement agency's standard procedures for storing illicit controlled substances.

³ Note that Inhaler Mail-Back Packages and Injector Mail-Back Packages are not used to collect controlled substances.

2. United States Department of Transportation and United States Postal Service

Covered Drugs collected at a Drop-Off Site or Collection Event will be prepared for transport and transported in compliance with the applicable requirements under the DOT Hazardous Materials Regulations. Covered Drugs collected at a Drop-Off Site or Collection Event will be packaged and shipped in accordance with DOT Special Permit 20255 or 20390.

Covered Drugs collected via Standard Mail-Back Packages, Inhaler Mail-Back Packages, and Injector Mail-Back Packages will be packaged and mailed in compliance with applicable United States Postal Service ("USPS") requirements. For example, Inhaler Mail-Back Packages will be mailed in "strong outer packaging" with the appropriate markings, as required under USPS Publication 52 for shipping mailable gases like inhalers. *See* USPS Publication 52, section 342.22. And, Injector Mail-Back Packages will provide a leakproof and puncture-resistant container for Pre-filled Injector Products, as required under USPS Publication 52. *See* USPS Publication 52, section 346.322.

3. Oregon Board of Pharmacy

The Oregon Board of Pharmacy has promulgated regulations allowing pharmacies in Oregon to become authorized collectors of Covered Drugs in conformance with the DEA Rule. In order to participate in a drug take-back program under OAR 855-041-1046(2), an Oregon pharmacy must notify the Board of Pharmacy in writing prior to initiating the program and must establish and enforce certain policies and procedures, including:

- Provision of secure location of the Secure Repository, which must be accessible to the public and cannot be placed behind the pharmacy counter; and
- Provision of adequate security measures, including proper installation and maintenance of Secure Repository, tracking of liners, and key accountability; and
- Personnel training and accountability.

As under the DEA Rule, pharmacy personnel are prohibited from counting, sorting, inventorying, or otherwise handling drugs collected. OAR 855-041-1046(3). Pharmacies are also prohibited from disposing of quarantined, recalled, or outdated drugs from pharmacy stock in a Secure Repository. OAR 855-041-1046(3). Pharmacies must maintain all records for 3 years. OAR 855-041-1046(4).

MED-Project requires pharmacies to comply with all applicable laws, including the requirements promulgated by the Oregon Board of Pharmacy. MED-Project will consult with participating pharmacies, as requested, on related topics, including the notifications required by the Board of Pharmacy, as well as the security measures that MED-Project provides, including proper installation and maintenance of Secure Repositories and tracking of liners. MED-Project works with pharmacies to help pharmacies maintain key accountability and provide appropriate personnel training. For instance, MED-Project's Help Desk will support Authorized Collectors with step-by-step instructions and on-demand videos explaining how to service Secure Repositories. *See* also Plan § IV.A.2.a.

4. Oregon Waste-Related Programs

MED-Project, Vendor, and other entities participating in the Program shall comply with any applicable requirements in the State related to the management of solid, hazardous, or other waste. MED-Project will require Authorized Collectors and Vendors involved in the collection and disposal of Covered Drugs to comply with applicable State waste management requirements. MED-Project will monitor their compliance through various methods including reporting, inspection, or audits.

MED-Project will also require other participating entities to comply with State waste management requirements to the extent applicable.

MED-Project expects that State regulations governing the collection of hazardous waste and pharmaceuticals may be revised, potentially requiring changes to the Plan.

F. Contact Information for Key Personnel

The contact information for key personnel responsible for running various aspects of the Program, including the authorized representative, is provided below. MED-Project will notify the Department if any of the key personnel or their contact information changes.

Dr. Victoria Travis, PharmD, MS, MBA
National Program Director
MED-Project USA
3439 NE Sandy Blvd
Unit 3620
Portland, OR 97232
Phone: 1 (833) 633-7765
Fax: 1 (866) 633-1812

Portland, OR 97232
Phone: 1 (833) 633-7765
Fax: 1 (866) 633-1812
oregon@med-project.org

IV. Operation

The following sections describe how the Program will meet the requirements for a collection network under ORS 459A.209, 459A.215, 459A.218, and 459A.221.

A. Collection System

MED-Project will establish a safe and secure system for collecting Covered Drugs through Drop-Off Sites and Mail-Back Services and may schedule Collection Events as necessary to supplement Drop-Off Sites and Mail-Back Services.

The Program will be operational by July 1, 2021. *See* Plan § IX for the implementation timeline.

1. Solicitation of Potential Authorized Collectors

MED-Project has identified, solicited, and executed agreements with 236 Authorized Collectors at the time of Plan submission. An additional 45 Potential Authorized Collectors have expressed interest in participating in the Program. MED-Project will enter into agreements with any eligible Authorized

Collector that is willing to participate as a Drop-Off Site.⁴ The following sections describe how MED-Project will solicit Potential Authorized Collectors for the Program.

a. Identifying, Soliciting, and Responding to Potential Authorized Collectors

MED-Project has a process for identifying, soliciting, and responding to Potential Authorized Collectors. MED-Project obtained lists of Potential Authorized Collectors from multiple sources, including the Oregon Board of Pharmacy, the Oregon Department of Public Safety, and the DEA. As required by ORS 459A.215, MED-Project began contacting Potential Authorized Collectors before submitting the Plan. MED-Project contacted Potential Authorized Collectors in the State through a direct mail campaign. Following the direct mail campaign, MED-Project contacted many of those Potential Authorized Collectors at the headquarters and individual site level by phone, email, or through in-person site visits.

MED-Project solicited Potential Authorized Collectors already hosting a Secure Repository, as identified in the Department's Guide for Oregon Drug Take-Back Programs, as well as Potential Authorized Collectors that do not already host a Secure Repository. [Appendix B](#) provides a list of all Potential Authorized Collectors MED-Project has solicited. MED-Project will solicit annually Potential Authorized Collectors who are not participating in a State approved plan in accordance with Plan § IV.A.2.j.

MED-Project begins good faith negotiations with all interested Potential Authorized Collectors once the Potential Authorized Collector has expressed interest in participating in the Program. MED-Project seeks to enter into agreements with any eligible authorized collector that is willing to participate as a Drop-Off Site.

ORS 459A.215(1)(b) requires Program Operators to "[e]nter into agreements with all willing authorized collectors [. . .]" before submitting a plan to the Department. MED-Project made reasonable efforts to enter into agreements with all Potential Authorized Collectors that expressed interest in participating in the Program. [Appendix C](#) provides a list of Potential Authorized Collectors that expressed interest to serve as a Drop-Off Site in the Program and the status of negotiations with those Potential Authorized Collectors.

b. Authorized Collector Agreements

Agreements with Authorized Collectors require that the Authorized Collector comply with all applicable laws, regulations, and other legal requirements regarding the collection, handling, processing, and disposal of Covered Drugs. MED-Project will work with Authorized Collectors to ensure that they are registered collectors in accordance with the DEA Final Rule, that they provide any required notifications to the Oregon Board of Pharmacy if applicable, and that other regulatory requirements are met.

See Plan § IV.B.3 for additional discussion of the elements of agreements with Authorized Collectors.

2. Drop-Off Sites

MED-Project seeks to provide convenient services across the State by establishing at least a Drop-Off Site that is open to the public in each county and Population Center, plus an additional Drop-Off Site for every 50,000 residents of an incorporated city or town within a Population Center. MED-Project will rely on the [annual estimate of population of cities and counties by Portland State University](#) as required by ORS 190.520(1)(a) to identify incorporated cities and towns and determine the number of residents in a Population Center.

⁴ Appendix B of the Department's Guide for Oregon Drug Take-Back Programs identifies 271 Drop-Off Sites across 241 Population Centers as required to meet the convenience standard at ORS 459A.209(2)(i). As identified in Figure 1, approximately 100 of these Population Centers do not have an identified Potential Authorized Collector.

Pursuant to ORS 459A.209(4), MED-Project seeks to locate Drop-Off Sites throughout each Population Center to provide reasonably convenient and equitable access to all residents of the Population Center. To meet this requirement, MED-Project will strive to locate Drop-Off Sites so that 90% of Covered Entities will live within a 20-minute drive of a Drop-Off Site.

Figure 1 provides a map showing all Population Centers in the State as of November 1, 2020. For each Population Center, Figure 1 shows, as of November 1, 2020, whether MED-Project had executed sufficient agreements with Authorized Collectors to meet the convenience standard at ORS 459A.209(2)(i), the Population Center had a Potential Authorized Collector, or MED-Project had not identified any Potential Authorized Collectors in the Population Center. Figure 1 also shows the population within a 20-minute drive of any Potential Authorized Collector.

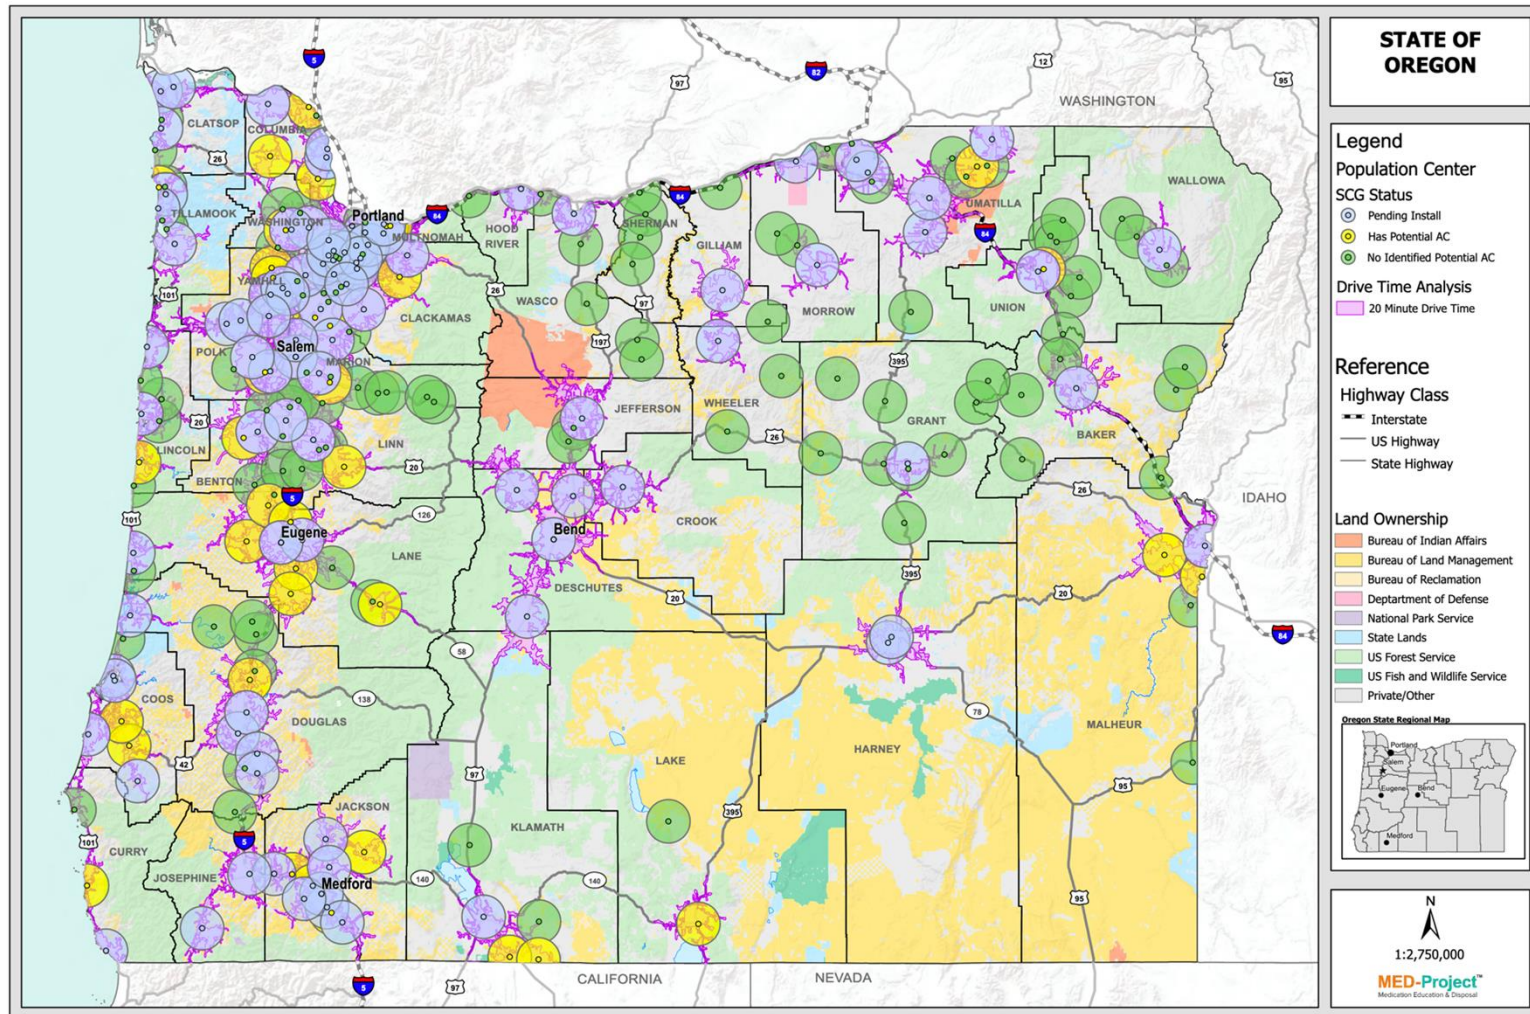

Figure 1: Oregon Population Center Map

Consistent with OAR 340-098-0300, MED-Project recognizes that reasonably convenient and equitable access to all residents includes access for Historically Underserved Communities. MED-Project will analyze demographic data and other information from the United States Census Bureau and the American Community Survey across the State to identify Historically Underserved Communities. MED-Project will work with third parties like Oregon's Kitchen Table and local government equity officers to identify Historically Underserved Communities and engage with such communities to better understand whether the Program provides them reasonably convenient and equitable access. MED-Project also participates in the Department's Implementation Work Group, through which it expects to receive additional feedback on identifying and working with Historically Underserved Communities. MED-Project may also rely on resources recommended by the Department, including the Regional Health Equity Coalition website, the Oregon Health Authority's list of Community Based Organization grantees, and the Oregon Health Authority's list of local public health authorities. MED-Project will initially use the listed characteristics below to identify representatives of Historically Underserved Communities and looks forward to input it receives through its collaborations with others. *See Plan § IX.*

- Households with income under 200% of the federal poverty level.
- Minority.
- People over the age of 65.
- Tribal communities.
- People living in rural communities, as identified by the Census Bureau.

To provide reasonably convenient and equitable access to Historically Underserved Communities, MED-Project will solicit feedback from those communities throughout Oregon, working with third parties to offer opportunities for engagement, such as via webinars, surveys, and/or community listening sessions, held online and possibly in-person as appropriate depending on the circumstances. Based on the feedback it receives from Historically Underserved Communities, MED-Project will consider whether additional services should be made available to provide reasonably convenient and equitable access to Historically Underserved Communities. MED-Project will develop a plan for addressing feedback it receives from Historically Underserved Communities and will submit that plan, within two months of the Plan's approval or July 1, 2021, whichever comes first, to the Department for approval. This plan will describe the tasks performed to date to engage Historically Underserved Communities (e.g., demographic data analysis, work with third parties and local government equity officers, solicitation of feedback), a summary of the feedback received to date, and the proposed timelines and tasks for addressing the feedback received to date and conducting and responding to further planned engagement. This plan may propose:

- Soliciting additional drop-off sites identified by Historically Underserved Communities.
- Providing additional services like Mail-Back Distribution Locations to provide reasonably convenient and equitable access to Historically Underserved Communities.
- Advertising services in languages other than English spoken by the Historically Underserved Community.
- Conducting ongoing outreach to community-based organizations.
- Developing educational materials or outreach to specifically foster awareness of the Drug Take-Back Program in Historically Underserved Communities.

Through these efforts, MED-Project will solicit feedback from Historically Underserved Communities and adapt its Program, including, as appropriate, service offerings and outreach programming.

a. Safe and Secure Drop-Off Site Operations

All Secure Repositories in the Program will be securely placed and maintained inside an Authorized Collector's physical location in accordance with DEA Rule §§ 1317.75(d)(1) and 1317.35(a)(3). Secure Repositories at a retail pharmacy or hospital/clinic with an on-site pharmacy must be located in an area

that is open to the public. Within 90 days of executing an agreement with the Authorized Collector and once a participating Authorized Collector has agreed to an installation schedule, MED-Project will provide for the delivery of the Secure Repository for installation at no cost to the Authorized Collector, as required under 459A.233. *See* Plan § II. MED-Project will conduct a pre-installation site visit at each Drop-Off Site, provide guidance and materials upon installation, and conduct follow up outreach to the Drop-Off Site after installation to provide support and guidance. As part of this engagement, MED-Project will provide the Authorized Collector with access to training materials, including information on the proper handling of the Secure Repository inner liners, compliant operation of the Secure Repository, step-by-step instructions for the proper preparation, removal, packaging, and shipping of the inner liner, specific to the service model used at the Drop-Off Site, and related template forms. MED-Project will also instruct Authorized Collectors on how to monitor and self-assess their Secure Repositories to identify, among other issues, any maintenance concerns and whether the Secure Repository is at capacity. Hard copies of these materials will be provided upon installation of the Secure Repository, and Authorized Collectors will be informed that the materials are also available through the Help Desk, along with additional resources like printed instruction materials. MED-Project will install the Secure Repository unless requested otherwise by the Drop-Off Site.

During the semi-annual inspection of each Secure Repository and otherwise as appropriate, MED-Project will provide for review key aspects of the instructions at the Drop-Off Site and provide reminders of the resources available through the Help Desk.

Secure Repositories will accept all Covered Drugs, except for Pre-filled Injector Products, from Covered Entities except as described in Section IV.A.2.i. MED-Project will provide each Secure Repository with signage and/or a sticker or magnet, as well as educational materials as appropriate, to inform Covered Entities about how they can dispose of Pre-Filled Injector Products using Injector Mail-Back Packages. When the Secure Repository is installed, MED-Project will provide Drop-Off Sites Injector Mail-Back Packages to stock and distribute for use by Covered Entities. Drop-Off Sites will be able to order additional Injector Mail-Back Packages through the Help Desk.

At retail pharmacies, Secure Repositories will be placed in the immediate proximity of a designated area where controlled substances are stored and at which an employee is present (*e.g.*, can be seen from the counter), pursuant to DEA Rule § 1317.75(d)(2). At hospitals or clinics with an on-site pharmacy, Secure Repositories will be placed in an area regularly monitored by employees but not near areas of the facility where urgent or emergency care is provided. DEA Rule § 1317.75(d)(2)(i). At narcotic treatment facilities, Secure Repositories will be placed in a room that does not contain any other controlled substances and is securely locked with controlled access. DEA Rule § 1317.75(d)(2)(ii).

Drop-Off Site and Authorized Collector employees, Vendor, and Carrier will manage Covered Drugs in compliance with all applicable laws, regulations, and other legal requirements.

Authorized Collector employees will follow DEA requirements for servicing Secure Repositories. Per these requirements:

- Authorized Collector employee(s) shall hold the two keys to unlock the Secure Repository.
- Vendor and Authorized Collectors participating in the Plan shall keep all records required under the DEA Rule and Oregon Board of Pharmacy regulations.
- Inner liners provided in the Secure Repository shall be opaque to prevent visual recognition of the contents.

Each inner liner and box provided by Vendor will be pre-paid and pre-addressed for transport and disposal.

When servicing a Secure Repository, Authorized Collector employee(s) will:

- Check the Secure Repository for any damage.
- Unlock the Secure Repository and immediately remove and seal the inner liner following procedures meeting all DEA requirements.
- Replace the inner liner and box with a replenishment inner liner and box provided by Vendor.
- Match the unique identifier of the inner liner to the tracking number on the shipping label.
- Package the inner liner for transport.
- Prepare the materials for shipment and perform applicable pre-transportation functions to comply with the DOT Hazardous Materials Regulations and any applicable requirements under the Oregon Department of Transportation.
- Schedule a pick-up from the Carrier to be completed within two business days or offer the package holding the sealed inner liner for pick-up by routine Carrier service at the Drop-Off Site.

Authorized Collector employee(s) will maintain control of the inner liner at all times. The Drop-Off Site will store the inner liner in compliance with all applicable laws, regulations, and other legal requirements until Carrier pick-up.

b. Secure Repository and Inner Liner Specifications

Pursuant to DEA Rule §§ 1317.75(e) and (f), Secure Repositories will:

- Be securely fastened to a permanent structure.
- Be securely locked, substantially constructed containers with a permanent outer container and removable inner liner.
- Include a small opening in the outer container that allows contents to be added to the inner liner but does not allow removal of the inner liner's contents.
- Prominently display a sign indicating that only Schedule II-V controlled and non-controlled substances are acceptable to be placed in the Secure Repository.
- Have the small opening in the outer container that can be locked or made inaccessible to the public when a Drop-Off Site employee is not present. DEA Rule § 1317.75(f).

The proposed design of the Secure Repository for a pharmacy or narcotic treatment program satisfies these requirements through heavy gauge steel and multiple locking mechanisms, including:

- A locking mechanism on the drop-slot.
- A tamper-resistant drop-slot.
- Commercial hinges.

The locking mechanism on the drop-slot will prevent Secure Repository overflow once the Drop-Off Site locks the container upon reaching its maximum level. When MED-Project installs a Secure Repository and periodically thereafter, MED-Project trains Drop-Off Site staff to monitor the Secure Repository to prevent overflow. MED-Project provides temporary signage to be placed on the Secure Repository when it is locked; the temporary signage will tell Covered Entities how to find other Drop-Off Sites or request a Mail-Back Package while the Secure Repository is locked. MED-Project will also offer Drop-Off Sites the opportunity to register and request written materials to distribute while the Secure Repository is locked.

MED-Project pharmacy and narcotic treatment program Secure Repositories will come with signage required under the DEA Rule⁵.

The standard Secure Repositories provided by MED-Project will be 19" deep by 20.5" wide by 47" high.

Under DEA Rule § 1317.60(a), Secure Repository inner liners will:

- Be waterproof, tamper-evident, and tear-resistant.
- Be removable and sealable immediately upon removal without emptying or touching Secure Repository contents.
- Make the contents of the inner liner not viewable from the outside when sealed.
- Clearly indicate the size of the inner liner.
- Bear a permanent, unique identifier for tracking purposes.

The inner liners will have a capacity range of 30 to 40 gallons and will meet any requirements under DOT Special Permit 20255 or 20390.

While the DEA Rule does not require law enforcement agency Secure Repositories to meet these same requirements, MED-Project will offer these Secure Repositories and inner liners to law enforcement agencies.

c. Secure Repository Collection System Standards

Section 1317.75(g) provides that pharmacy and narcotic treatment program Secure Repository inner liner installation or removal shall be performed "by or under the supervision of at least two employees of the authorized collector." Section 1317.60 limits inner liner access to employees of the collector and requires two employees to seal the inner liner upon its removal from the permanent outer container.

The pharmacy and narcotic treatment program Secure Repository sealed inner liner must not be opened, x-rayed, analyzed, or otherwise penetrated. DEA Rule § 1317.60(c). Section 1317.75(c) prohibits the counting, sorting, inventorying, or individual handling of any substances deposited into a Secure Repository. The pharmacy will document the secure storage of the packaged inner liner on site in accordance with 21 CFR § 1304.22(f)(2)(iv) before a common carrier picks it up.

Authorized Collectors participating in the Program shall keep all records required under the DEA Rule, including those required under §§ 1304 and 1317.35. At Drop-Off Sites that are law enforcement agencies, Vendor and the law enforcement agency shall keep any records of removal, storage, or destruction of the collected Covered Drugs in a manner consistent with the law enforcement agency's recordkeeping requirements for illicit controlled substances evidence per DEA Rule § 1317.35.

The law enforcement agency shall store Covered Drugs in a manner to prevent the diversion of controlled substances consistent with its standard procedures for storing illicit controlled substances. Collected Covered Drugs shall be transferred to the disposal facility in a manner to prevent the diversion of Covered Drugs and consistent with the law enforcement agency's standard procedures for transferring illicit controlled substances.

⁵ Specifically, as required under § 1317.75(e)(4), all Secure Repositories will prominently display a sign stating that: "Only Schedule II-V controlled and non-controlled substances that are lawfully possessed by the ultimate user are acceptable to be placed in the kiosk. Schedule I controlled substances, illicit or dangerous substances, and any controlled substances not lawfully possessed by the ultimate user may not be placed in the kiosk."

d. Secure Repository Service Schedule

MED-Project provides for the collection, transportation, and disposal of Covered Drugs at no cost to Authorized Collectors. Authorized Collector's employee(s) will prepare an inner liner for shipment following instructions provided by Vendor in accordance with DEA regulations. Authorized Collector employee(s) will seal the full inner liner for packaging and transport and will schedule pick-up by Carrier at a time of their choosing or offer the packaged inner liner during a regular Carrier pick-up. Under DEA regulations, the pharmacy and narcotic treatment program Authorized Collector employees will document each phase of the process. *See* 21 CFR § 1304.22(f)(2). The Authorized Collector employee(s) will then place an empty inner liner in the Secure Repository upon its removal and activate a transportation order to pick up the sealed and packaged full inner liner. The Authorized Collector will receive replenishment inner liners and boxes automatically. This replenishment system stocks the Authorized Collector with spare inner liners and boxes before exhausting on-site supplies. MED-Project and Vendor monitor the inner liner management activity through Vendor and Carrier's transportation tracking system. The Authorized Collectors may securely store the packaged inner liner prior to Carrier pick-up depending on pick-up timing and Authorized Collector preferences.

Once Carrier picks up the packaged inner liner, the packaged inner liner is tracked by the Carrier's tracking system until it is scanned for receipt by the reverse distributor Vendor, weighed, and destroyed.

e. Service Procedures for Secure Repositories That Are Full Prior to Service

MED-Project will manage a Help Desk available through the Website, Call Center, or oregon@med-project.org. Authorized Collectors will participate in a process designed to make an inventory of replenishment inner liners and boxes available on site. By default, Authorized Collectors will automatically receive a 3-pack of replenishment inner liners and boxes automatically when two replenishment inner liners and boxes remain on-site. An Authorized Collector can order additional inner liners and boxes through a system designed to fulfill orders within two to three business days. MED-Project can work with an Authorized Collector to adjust the number and frequency of replenishment inner liners and boxes. MED-Project will manage requests for additional inner liners and boxes through the Help Desk.

f. Maintenance and Cleaning of Secure Repositories

When servicing a Secure Repository, Authorized Collector employees will inspect the Secure Repository for any needed maintenance, including cleaning. The Authorized Collector employees will submit any maintenance requests through the Help Desk. MED-Project will provide for the inspection of Secure Repositories on a semi-annual basis to monitor for general wear and tear and clean the Secure Repository as necessary to maintain proper function.

Maintenance requests can be placed through the Help Desk. MED-Project will assess maintenance requests and initiate a response within one business day. Most maintenance requests will be resolved within 2 business days. Minor maintenance issues will be resolved within 5 business days. If necessary, a maintenance request may receive a Rapid Response.

g. Additional Collections or Other Secure Repository Issues

Authorized Collectors needing to order additional inner liners and boxes can do so through the Help Desk. For further discussion of how MED-Project's program anticipates and addresses Drop-Off Site service needs, including the need for inner liners and boxes, *see* Plan § IV.A.2.e above. Authorized Collectors will be able to log into a support system, confirm their site information, and have access to instructional materials, including written instructions, downloadable forms, and/or video instruction guides. Authorized Collectors will also be able to request step-by-step instructions for servicing a Secure Repository by contacting the Help Desk. Requests received from Authorized Collectors will be returned as soon as practicable and in no longer than one business day.

See Plan §§ IV.A.2.e, IV.A.2.f, and IV.A.2.k for discussion of how MED-Project and its Vendors respond to unplanned events, maintenance requests, or other Secure Repository issues.

h. Secure Repository Signage

Secure Repository signage will prominently display a toll-free telephone number and Website for the Program so members of the public can report a full or damaged kiosk, inquire about the Program, or provide feedback to MED-Project about the Program. Appendix D provides sample images of the MED-Project Secure Repository and Secure Repository signage.

i. Drop-Off Sites at Long-Term Care Facilities

For Secure Repositories hosted at long-term care facilities, their agreements with MED-Project may need to vary from what is described elsewhere in the Plan in order to comply with all applicable laws. For instance, agreements governing the placement of a Secure Repository at a long-term care facility will require that Secure Repositories be available for use only to individuals who reside or have resided at those facilities, as required under ORS 459A.218(2)(f).

j. Maintenance of the Drop-Off Site Network

To maintain a network of Drop-Off Sites, MED-Project will periodically solicit Potential Authorized Collectors no less than annually in alignment with the reporting year. MED-Project will evaluate the need for additional Drop-Off Sites based on population growth annually. As described in Plan § V.B, MED-Project will conduct ongoing outreach to Historically Underserved Communities, and, as part of that outreach, MED-Project will solicit feedback on the convenience of the Program.

Potential Authorized Collectors will also be able to learn more about participating in the Program and express interest in participating by visiting the Website or calling the Help Desk.

k. Unplanned Events

An unplanned event may necessitate service at a Drop-Off Site. A major event, such as a flood, earthquake, or fire, may jeopardize the security characteristics of the Secure Repository as well as the structural integrity of the Drop-Off Site. Such events may require the involvement of law enforcement, fire, or other emergency service personnel. Drop-Off Site employees will be directed to call 911 in situations posing an immediate threat to the environment or health. Once the area is safe for access, Vendor will dispatch rapid responders to secure the Secure Repository and remove its contents. MED-Project will report such events to the Department within 10 business days of learning of the event.

Vendor maintains a network of rapid responders that can be contacted in the case of an incident or other event requiring a Rapid Response. Vendor is able to respond within two to three hours in most cases when notified of a requested Rapid Response. Rapid responders will bring all necessary equipment to manage the specific needs of the Drop-Off Site requiring a Rapid Response.

Along with major event preparedness, Vendor provides timely responses to events that may cause an inconvenience to the Drop-Off Site. In situations requiring Rapid Response that do not require the involvement of emergency service personnel, such as a Secure Repository that is leaking or giving off an odor, the Drop-Off Site will place a service request through the Help Desk.

MED-Project will initiate a Rapid Response within one business day if requested by an Authorized Collector. MED-Project will include in the annual report a description of any Authorized Collector requests for Rapid Response that were not provided to the Authorized Collector.

MED-Project will update any changes to Authorized Collectors information on the Website and Call Center reflecting Drop-Off Site status, such as hours of operation, each business day.

I. Waivers or Approval of Additional Services and Events

In counties where there are not enough Drop-Off Sites to meet the convenient service requirement in ORS 459A.209(2)(i) due to a lack of Potential Authorized Collectors available or willing to participate in the Program, MED-Project will seek to obtain concurrence from the affected local government to provide Mail-Back Services in the county by establishing Mail-Back Distribution Locations. In a Population Center where the convenient service requirement in ORS 459A.209 is not met, MED-Project will also seek to obtain concurrence for additional services, including Mail-Back Services and Collection Events, from the appropriate local governments in the affected Population Center. Where, for example, there are limited opportunities for establishing a Mail-Back Distribution Location or Collection Event or where Mail-Back Distribution Locations or Collection Events are not easily accessible to community members, MED-Project may also promote the availability of Mail-Back Services or distribute Standard Mail-Back Packages directly to all Covered Entities.

For the counties and Population Centers described above, MED-Project will take the following steps:

- **Solicitation of Potential Authorized Collectors:** As described in Plan § IV.A.1.a, MED-Project will undertake good faith efforts to solicit Potential Authorized Collectors and enter into agreements with them. MED-Project will document those efforts and any reasons a Drop-Off Site cannot be established or maintained, including any conditions for participation on which MED-Project and the Potential Authorized Collector could not agree. MED-Project will continue to solicit Potential Authorized Collectors in the affected county or Population Center on at least an annual basis.
- **Consultation with Local Governments and Historically Underserved Communities:** MED-Project will assess how the proposed services and, as applicable, Collection Events will provide reasonably convenient access to all residents in the affected county or Population Center. To do so, MED-Project will reach out to appropriate local government representatives to assess the needs of the local community and evaluate how the proposed services address those needs. MED-Project will also reach out to organizations representing and working with Historically Underserved Communities to engage those communities and solicit feedback on the proposed services. MED-Project will work with Oregon's Kitchen Table to facilitate its work with Historically Underserved Communities.
- **Concurrence on Proposed Services:** MED-Project will work with the appropriate local government representatives in the affected county or Population Center to obtain their concurrence on the proposed services. If no such concurrence is obtained, MED-Project will document why MED-Project could not obtain such concurrence.

MED-Project will request a waiver or approval of additional services in the counties and Population Centers described above. MED-Project's request will include a description and timeline for implementation of proposed services and demonstrate:

- **Status of Solicitation of Potential Authorized Collectors:** Good faith efforts to solicit and enter into agreements with Potential Authorized Collectors in the affected county or Population Center, such as through outreach to identify, contact, and engage with Potential Authorized Collectors.
- **Description of Areas without Drop-Off Sites:** Why a Drop-Off Site cannot be established or maintained in the affected county or Population Center, including an explanation of any conditions for participation on which MED-Project and a Potential Authorized Collector could not agree.
- **Explanation of Reasonably Convenient and Equitable Access:** How the proposed services and, as applicable, Collection Events will provide reasonably convenient and equitable access to all residents in the affected county or Population Center, and planned or ongoing engagement

with minority, lower-income, rural and other historically underserved communities to help ensure this. MED-Project will include a timeline for such engagement and provide updates to the Department on the outcomes of any planned engagement with Historically Underserved Communities. MED-Project will also summarize such engagement in its annual report.

- **Consultation with Local Governments:** Concurrence by the appropriate local governments in the affected county or Population Center with the proposed services and, as applicable, Collection Events, or an explanation of why MED-Project could not obtain such concurrence.
- **Ongoing Activities and Next Steps:** Commitment to solicit Potential Authorized Collectors for the affected county or Population Center on at least an annual basis.

3. Mail-Back Services

MED-Project will provide three types of Mail-Back Packages, including Standard Mail-Back Packages, Inhaler Mail-Back Packages, and Injector Mail-Back Packages, at no cost to Covered Entities and in-home hospice providers. All Mail-Back Packages will have inserts that provide:

- Multilingual instructions for using the Mail-Back Package.
- A description of the types of Covered Drugs that may go into the Mail-Back Package.
- Mailing restrictions and a notice that only packages provided by Vendor will be accepted for destruction.
- Instructions for returning the Mail-Back Package.
- Information about other options for disposing of Covered Drugs through the Program.

Appendix E provides sample mockups of the Mail-Back Package inserts.

a. Access to Mail-Back Services

MED-Project will receive requests for Mail-Back Packages from Covered Entities through the Website and Call Center. Covered Entities will be able to request up to three Mail-Back Packages per request through the Website and Call Center. Covered Entity requests for Mail-Back Packages through the Call Center can be taken by an agent without requiring the Covered Entity to visit the Website.

In areas of the State where Mail-Back Distribution Locations are available, Covered Entities will be able to obtain Mail-Back Packages at a physical location where Mail-Back Packages are provided. The locations of Mail-Back Distribution Locations are provided on the Website.

MED-Project will also provide Mail-Back Packages to in-home hospice service providers upon request for use by the hospice services patient. In-home hospice service providers will be able to request Mail-Back Packages through the Help Desk.

b. Mail-Back Package Request Fulfillment

Requests for Mail-Back Packages from Covered Entities and in-home hospice service providers will be processed through MED-Project's fulfillment system. Mail-Back Packages will be shipped to Covered Entities and in-home hospice service providers within five to ten business days of their request.

Covered Entities will be directed to follow the instructions provided with the Mail-Back Package and place their Covered Drugs in the Mail-Back Package. Returned Mail-Back Packages will be sent to an approved facility and handled in compliance with all applicable laws, regulations, and other legal requirements. Each Mail-Back Package will have a unique identifier for tracking.

Upon arriving at a disposal facility, Mail-Back Packages will be scanned for receipt verification, weighed, and then destroyed. Any storage of filled Standard Mail-Back Packages by Vendor will comply with the applicable security requirements of DEA Rule § 1317. All Mail-Back Packages will be destroyed promptly.

c. Mail-Back Services Promotion to Covered Entities and In-Home Hospice Service Providers

MED-Project will promote Mail-Back Services through media outreach and written materials. More information about how MED-Project will inform Covered Entities and in-home hospice service providers about the availability of Mail-Back Services is provided in Plan § V.D.

d. Mail-Back Packages

Appendix F provides sample images of the Mail-Back Packages.

e. Mail-Back Distribution Locations

MED-Project may establish Mail-Back Distribution Locations as additional services in counties or Population Centers where there are not enough Drop-Off Sites to meet the convenient service requirement. Mail-Back Distribution Locations will be in staffed public, private, and/or not-for-profit facilities, which may include libraries, town halls, fire stations, or law enforcement agencies, and will distribute Mail-Back Packages to Covered Entities. Appendix G provides a non-exhaustive list of potential Mail-Back Distribution Locations that MED-Project may contact about participation in the Program. Once MED-Project has established Mail-Back Distribution Locations, MED-Project will notify the Department within 30 days of any changes to the list of participating Mail-Back Distribution Locations.

Mail-Back Distribution Locations will be offered signage indicating that the site offers mail-back packages, as well as written materials with more information about MED-Project's program offerings, like brochures. See Appendix H. The Mail-Back Packages themselves will include instructional materials for using and returning the Mail-Back Packages. See Appendix E.

Mail-Back Distribution Locations may request Mail-Back Packages through the Help Desk. The fulfillment system will be designed to provide reminders to Mail-Back Distribution Locations to help maintain inventory. Requests will be promptly fulfilled. MED-Project will provide Standard Mail-Back Packages, Inhaler Mail-Back Packages, and Injector Mail-Back Packages as requested by the Mail-Back Distribution Location. MED-Project's Help Desk will allow Mail-Back Distribution Locations to request Mail-Back Packages in bulk. For Standard Mail-Back Packages, the default minimum order quantity on the Help Desk will be twenty. For Inhaler Mail-Back Packages, the default minimum order quantity on the Help Desk will be five. For Injector Mail-Back Packages, the default minimum order quantity on the Help Desk will be five. The Drop-Off Sites are not restricted in the number of Mail-Back Packages that can be distributed to a single Covered Entity. However, MED-Project will monitor for excessive requests that could indicate that Mail-Back Packages are being distributed in a way that is inconsistent with the Program.

4. Covered Drug Collection Events

MED-Project may hold Collection Events as additional services in Population Centers where MED-Project cannot establish the Drop-Off Sites needed to meet the convenient service requirement. Collection Events will be conducted in compliance with all applicable laws, regulations, and other legal requirements and will be overseen by federal, state, tribal, or local law enforcement. See Plan § III.E.1.c.

a. Scheduling and Conducting Collection Events

In addition to obtaining concurrence from the appropriate local government in an affected area to schedule a Collection Event and approval from the Department for additional services, MED-Project will contract with local law enforcement to oversee Collection Events. These contracts will provide for the collection, transportation, and disposal of Covered Drugs from Collection Events and include requirements for participating law enforcement.

Collection Events will be staffed in compliance with DEA requirements and as requested by local law enforcement. Vendor will work in coordination with MED-Project and law enforcement to implement procedures to collect Covered Drugs in compliance with all applicable laws. Any material that is not a Covered Drug or does not meet legal requirements will be rejected.

Covered Drugs will be packaged in inner liners, matched to the unique inner liner identifier on the shipping labels, and the inner liners prepared for shipment in compliance with all applicable laws, regulations, and other legal requirements. Collected material will be weighed following the completion of each Collection Event. MED-Project will offer to have Vendor perform these services as well as transportation of sealed inner liners to the law enforcement agency's facility on behalf of and under the oversight of local law enforcement.

Sealed inner liners will remain under the control and custody of law enforcement to the Vendor can schedule a pick-up from the law enforcement agency facility to take place within a few business days of the Collection Event.

b. Coordination with Local Solid Waste Management Officials

Once MED-Project has concurrence from the appropriate local government in an affected area to schedule Collection Events, MED-Project will contact the solid waste management officials with jurisdiction over the impacted area to coordinate on the frequency and location of Collection Events to be scheduled. MED-Project will make reasonable efforts to accommodate the frequency and location of Collection Events identified by the local solid waste management officials.

c. Notification of Collection Events

Once MED-Project has coordinated the frequency and location of Collection Events with local solid waste management officials, MED-Project will provide written notice to the Department of the date and location of scheduled Collection Events. Notice will be provided at least 30 days before a Collection Event takes place. This notice may take the form of the request for approval submitted under Plan § IV.A.2.i.

d. Collection Event Promotion

MED-Project will promote Collection Events through media outreach and written materials. More information about how MED-Project will inform Covered Entities about the availability of Collection Events is provided in Plan § V.D.

B. Policies, Procedures, and Management Practices

The following sections describe the policies, procedures, and practices MED-Project will require to ensure that service providers will responsibly manage drugs in compliance with all applicable laws, regulations, and other legal requirements.

1. Logistics Manager Contact Information

The contact information for MED-Project's logistics management is provided below:

Dr. Victoria Travis, PharmD, MS, MBA
National Program Director
MED-Project USA
3439 NE Sandy Blvd
Unit 3620
Portland, OR 97232
Phone: 1 (833) 633-7765
Fax: 1 (866) 633-1812
oregon@med-project.org

2. Vendors, Transporters, and Disposal Facilities

Covered Drugs will be transported to a disposal facility in a timely manner and destroyed in accordance with all applicable laws, regulations, and other legal requirements. Table 2 provides a list of the Vendors involved in the collection and disposal of Covered Drugs under the Program, and Table 3 provides a list of the transporters. Table 4 identifies the waste disposal facilities that may be used by the Program.

3. Policies and Procedures

The following sections describe the policies and procedures maintained for the Program. The relevant policies and procedures are codified in or required under MED-Project's agreements with its Vendors involved in the collection and disposal of Covered Drugs under the Program, Authorized Collectors, Mail-Back Distribution Locations, and law enforcement agencies supporting Collection Events. Below is a brief summary of some of the elements of those agreements to demonstrate how MED-Project maintains the required policies and procedures.

MED-Project contracts for Vendors involved in the collection and disposal of Covered Drugs collected under the Program require that Vendor:

- Follow all applicable laws, regulations, and other legal requirements.
- Maintain all professional and governmental permits, licenses, consents, authorizations and certifications required by applicable laws for the performance of Program services.
- Provide Program services in a timely, professional, and commercially diligent manner according to generally accepted industry and professional standards.
- Provide certification that all applicable employee trainings are complete.
- Comply with industry-standard safety and security procedures.
- Immediately notify MED-Project of any action, suit, or proceeding before or by any court or governmental authority that could materially affect Vendor ability to provide Program services.
- Obtain written pre-approval before changing transporters or disposal facilities.
- Use commercially reasonable measures to prevent theft or diversion of Covered Drugs.
- Report safety, security, or other procedural deviations.
- Maintain comprehensive information security programs and notify MED-Project in the event of a data breach.
- Maintain complete and accurate records, such as books, documents, and accounting procedures, and practices. MED-Project may audit such records.
- Provide written reports related to Program services.

Agreements with Authorized Collectors require that the Authorized Collector:

- Comply with all applicable laws regarding the collection, handling, processing, and disposal of Covered Drugs.
- Possess all required authorizations to enter into an agreement for Program services.
- Identify a responsible manager and provide qualified staff.
- Have qualified staff unlock and lock the Secure Repository.
- Complete documentation under all applicable laws for Secure Repository delivery, installation, or removal and for Covered Drug collection, storage, transportation, or disposal.
- Securely maintain any documentation required under the Program and provide such documentation to MED-Project upon request.
- Make the Secure Repository available to the public during business hours unless there is a safety, security, service, maintenance, or other condition requiring the Authorized Collector to lock the Secure Repository.
- Promptly notify MED-Project of any service or maintenance concerns, as needed.
- Collect and store Covered Drugs and cause the transportation and disposal of Covered Drugs.
- Establish and implement procedures limiting access to Secure Repository keys to qualified staff.
- Lock the Secure Repository and cooperate with MED-Project for Secure Repository removal upon termination of the agreement, as needed.
- Report any theft, unexplained loss, or diversion of Covered Drugs, safety or security problem, or environmental incident.

Agreements with Mail-Back Distribution Locations require that the Mail-Back Distribution Location:

- Distribute Mail-Back Packages to Covered Entities in compliance with all applicable laws, regulations, and other legal requirements.
- Make Mail-Back Packages available to Covered Entities free of charge.
- Request additional Mail-Back Packages according to the process provided in the agreement.
- Dispose of commercial waste by means other than Mail-Back Packages.
- Store Mail-Back Packages in a secure area.
- Store Mail-Back Packages to avoid damage or package compromise.
- Store and distribute Mail-Back Packages without modifying or removing package labels.
- Distribute Mail-Back Packages without collecting personal information from Covered Entities.

- Distribute Mail-Back Packages without handling, collecting, or storing Mail-Back Packages containing Covered Drugs from Covered Entities or shipping Mail-Back Packages on behalf of Covered Entities.
- Complete documentation under all applicable laws and required by MED-Project for distributing Mail-Back Packages.
- Securely maintain any documentation required under the Program and provide such documentation to MED-Project upon request.

Agreements for Collection Events require that law enforcement:

- Maintain compliance with all applicable laws regarding the collection, handling, processing, and disposal of Covered Drugs.
- Possess all required authorization to enter into an agreement for Program services.
- Collect and store Covered Drugs and cause the transportation and disposal of Covered Drugs.
- Report any theft, unexplained loss, or diversion of Covered Drugs, safety or security problem, or environmental incident.
- Securely maintain any documentation required under the Program and provide such documentation to MED-Project upon request.

a. Handling and Disposal of Covered Drugs

MED-Project will enter into agreements with all relevant entities participating in the Program before establishing Drop-Off Sites, Mail-Back Distribution Locations, or scheduling Collection Events. Agreements with Authorized Collectors and Vendors involved in the collection and disposal of Covered Drugs require that all persons handling or disposing of Covered Drugs report any safety and security problems to MED-Project and maintain policies and procedures covering safety, security, and compliance with all applicable laws, regulations, and other legal requirements. These policies shall be followed by persons handling Covered Drugs collected under the Program.

Each Mail-Back Package, inner liner, and shipping box provided under the Program will have a unique identifier enabling tracking. MED-Project's Vendors involved in the collection and disposal of Covered Drugs monitor the related tracking data and report to MED-Project. More information about MED-Project agreements is provided in Plan § IV.B.3.

b. Tracking and Reporting Safety and Security Problems

MED-Project has an incident management system that requires evaluation of incidents for potential safety and security events, including identification of potential reportable events. MED-Project agreements require Vendors involved in the collection and disposal of Covered Drugs to report safety or security events within no more than 24 hours or as soon as practicable. Whenever a potential reportable event has occurred, MED-Project and/or Vendor undertake a root cause analysis to identify and implement corrective actions. A summary of occurrences of any safety or security problems, along with corrective actions, including changes to any policies and procedures, will be included in the annual report.

c. Protecting Patient Information

Instructions at Drop-Off Sites will inform Covered Entities that they should completely cross out, remove, or otherwise make unreadable all personally identifiable information on drug containers and packaging before depositing them in the Secure Repository. In cases where people follow the instructions, there will be no personally identifiable information.

In addition to Secure Repository signage, MED-Project Program promotional materials will encourage Covered Entities to protect their information by ensuring that identifiable information is not present before depositing drug containers and packaging into Secure Repositories. Examples of MED-Project Secure Repository signage are available in [Appendix D](#).

As added protection, the inner liners for the Secure Repository will be opaque rather than clear, in compliance with the DEA Rule. The same opaque inner liners are used during Collection Events. Mail-Back Packages provided under the Program are also opaque. This will prevent anyone from seeing any information on the Covered Drug containers and packaging collected at Drop-Off Sites or Collection Events or placed in Mail-Back Packages.

As described elsewhere in the Plan, Covered Drugs collected in Secure Repositories, at Collection Events, and in Standard Mail-Back Packages cannot be x-rayed, analyzed, or otherwise penetrated under the DEA Rule and Oregon Board of Pharmacy regulations. Authorized Collectors and Vendors involved in the collection and disposal of Covered Drugs must comply with those requirements under their agreements with MED-Project and their reporting obligations.

d. Information Provided by Vendors

MED-Project requires its Vendors involved with collection and disposal services to track information required for the annual report and to report that information to MED-Project at regular periods and upon request. Additionally, MED-Project's agreements with its Vendors involved with collection and disposal services require that the Vendors maintain complete and accurate records, such as books, documents, and accounting procedures, and practices. The agreements also allow MED-Project to audit such records during normal business hours after providing notice.

In its annual report, MED-Project will provide the information required under ORS 459A.230 based, in part, on the information it receives from its Vendors. MED-Project will also cooperate with audit requests it receives under ORS 459A.236(3) and, in response to such audit requests, will provide access to the requested records at the Department's Headquarters office upon request.

e. Oregon Board of Pharmacy Rule

The Oregon Board of Pharmacy promulgated OAR 855-041-1046, which allows pharmacies to become authorized collectors of unused pharmaceuticals in conformance with the DEA Rule. In addition to the requirements of the DEA Rule, an Oregon pharmacy must:

- Notify the Board in writing prior to initiating the program.
- Dispose of no quarantined, recalled, or outdated drugs from pharmacy stock in a Secure Repository.
- Maintain disposal records for a minimum of 3 years.

In order to participate as an Authorized Collector, all pharmacies must comply with the requirements of OAR 855-041-1046, other Oregon Board of Pharmacy regulations, and all other state and federal laws and rules governing the keeping of covered drugs. These requirements are incorporated into MED-Project's agreements with Authorized Collectors.

MED-Project will consult with participating pharmacies, as requested, regarding how to provide the required notifications to the Oregon Board of Pharmacy.

V. Education and Outreach

MED-Project will create a system to promote and provide public outreach and education about the safe and secure collection of Covered Drugs under the Program in compliance with ORS 459A.227. The system of promotion will be designed to:

- Emphasize the importance of taking medicine as prescribed by health care providers and adhering to and completing provider prescribed therapy.
- Promote the safe and secure storage of medication by Covered Entities.
- Promote the disposal of Covered Drugs through the Drug Take-Back Program.
- Discourage the disposal of Covered Drugs in the garbage or sewer system.
- Publicize the location of Drop-Off Sites and any Mail-Back Distribution Locations.
- Publicize the location and dates of any scheduled Collection Events.
- Provide information explaining how to dispose of Covered Drugs at Drop-Off Sites and Collection Events and how to use and return Mail-Back Packages.
- Disseminate information on the inherent risks of improperly storing medications or disposing of opioids, opiates, or other Covered Drugs.

Program promotion will include a disclaimer similar to: “This material has been supplied for the purpose of compliance with law and does not necessarily reflect the views of MED-Project or the companies participating in the MED-Project Product Stewardship Plan.”

A. Outreach Tools, Timing, and Frequency

MED-Project will promote, and provide public outreach and education about, the safe and secure collection of Covered Drugs under the Program using a combination of the tools described below.

1. Signage

Secure Repositories will come with standard signage explaining how to dispose of Covered Drugs at Drop-Off Sites. The standard signage on all Secure Repositories will provide consistent instructions, helping Covered Entities understand how to dispose of Covered Drugs through the Program. Signage will also provide the web address and toll-free telephone number for the Website and Call Center, where Covered Entities can obtain more information or provide feedback about the Program. [Appendix D](#) provides sample images of the Secure Repository and Secure Repository signage.

2. Display Signage

MED-Project will provide display signage promoting the Program and directing Covered Entities to the Website and Call Center for more information about the Program. [Appendix H](#) provides sample images of display signage.

3. Social Media

MED-Project will promote the Program using social media, including platforms such as Facebook and Twitter. These will allow MED-Project to promote the safe use and storage of medications, and disposal of Covered Drugs, and inform Covered Entities of available Drop-Off Sites, Mail-Back Distribution Locations, and scheduled Collection Events.

Icons with links to MED-Project’s social media webpages will be placed prominently on the MED-Project website landing page.

4. Press Releases

MED-Project will develop and provide press release templates for use by Authorized Collectors, community agencies, and government agencies, and in support of Collection Events. MED-Project will perform outreach to local media. [Appendix I](#) provides sample MED-Project press releases.

5. Media Outreach

MED-Project will promote the Program using a combination of advertisements and outreach through broadcast and website Public Service Announcements (“PSAs”) and other digital and print media. These outlets will allow MED-Project to promote the safe use, storage, and disposal of Covered Drugs. MED-Project’s media outreach will:

- Promote the safe and secure storage of medications by Covered Entities.
- Promote the disposal of Covered Drugs through the Program.
- Publicize the location of Drop-Off Sites and Mail-Back Distribution Locations.
- Publicize the location and dates of scheduled Collection Events.

In its efforts to foster full public awareness of the Program under ORS 459A.209(2)(g), MED-Project will conduct an outreach campaign throughout the State for the duration of one month at least three times per calendar year. The level of activity during the outreach campaigns will be designed to be viewed by 50% of Covered Entities over the age of 18. Reach and frequency will be calculated based on guidance from industry associations and benchmarks. MED-Project’s media outreach may direct Covered Entities to the Website and Call Center for additional information. MED-Project’s media outreach may continue to include the MED-Project branded toll-free telephone number and website to the extent that the media outreach covers multiple states where MED-Project operates a program, and MED-Project’s branded toll-free telephone number and website will route Covered Entities to the neutrally branded Website and Call Center.

MED-Project will measure public awareness through biennial surveys and one or more other methods such as website and mobile surveys, digital media surveys, and/or phone surveys. Based on the results, MED-Project will increase or change its outreach and education programs, as appropriate, to work towards its goal of fostering full public awareness. *See* Plan Section V.G.

From time to time, MED-Project may conduct additional targeted campaigns to further enrich the outreach program based on consultation with appropriate local governments. MED-Project will conduct additional targeted outreach to Historically Underserved Communities through engagement with statewide organizations using specialized media targeted to Historically Underserved Communities. *See* Plan § V.B.

B. Historically Underserved Communities

MED-Project will conduct enhanced outreach and education activities targeting Historically Underserved Communities. As described in Plan § IV.A.2, MED-Project will work with third parties like Oregon’s Kitchen Table and local government equity officers to identify and conduct outreach to Historically Underserved Communities. MED-Project may also work with its media Vendors and receive input from the Department’s Implementation Work Group, which MED-Project is participating in. Through its work with these groups, MED-Project will identify specialized media outlets that serve Historically Underserved Communities and conduct campaigns targeted to Historically Underserved Communities through those outlets.

In addition, MED-Project will work with organizations across the State representing Historically Underserved Communities to offer opportunities to learn more about the Program and to solicit feedback on the Program, including feedback on the convenience of the Program, as described in Plan § IV.A.2.

MED-Project will, as appropriate, incorporate the feedback it receives into its Program. For instance, based on feedback from Historically Underserved Communities, MED-Project may:

- Provide outreach materials and advertise additional services in languages other than English spoken by the Historically Underserved Community.
- Provide written materials to additional locations as identified by representatives of the Historically Underserved Communities.
- Conduct ongoing outreach to community-based organizations.
- Engage culturally specific media.

C. Online and Written Materials

MED-Project will provide signage and written materials to pharmacies promoting the Program and directing Covered Entities to the Website and Call Center for more information about the Program. MED-Project will create written materials that promote, and provide public outreach and education about, the safe and secure collection of Covered Drugs under the Program. The written materials will include brochures and possibly flyers. Written materials will use plain language and explanatory images to promote and explain the Program to Covered Entities, including Covered Entities with limited English proficiency. MED-Project will post downloadable versions of the materials on the MED-Project website and distribute copies of the materials to Retail Drug Outlets and hospitals or clinics with on-site pharmacies. Authorized Collectors and Mail-Back Distribution Locations will be able to obtain educational and outreach materials, order more Mail-Back Packages, and communicate questions, feedback, concerns, or issues through the Help Desk.

D. Communication Tools and Implementation Methods

MED-Project will promote the Program, including the availability of Drop-Off Sites, Mail-Back Services, and Collection Events, through media outreach and written materials. More information about Program promotion is provided in Plan § V.A. MED-Project media outreach and written materials will direct Covered Entities to the Website and Call Center for specific information about MED-Project services, unless otherwise noted in Plan § V.A.

The Website will provide information for Covered Entities about Drop-Off Site locations and hours of operation, Mail-Back Services, and Collection Events. The Call Center will allow Covered Entities to speak with agents to obtain information about the Program provided on the Website or to request Mail-Back Packages.

MED-Project will notify in-home hospice care providers, as identified via the Oregon Hospice & Palliative Care Association, of the opportunity to request Mail-Back Packages for use by the hospice services patient.

E. Readily Recognizable and Consistent Secure Repository Design

Since 2015, MED-Project and its subsidiaries have worked with pharmacies, law enforcement agencies, vendors, regulators, and others across jurisdictions to develop a readily recognizable and consistent design for secure repositories and to develop clear, standardized instructions on how to use those repositories. MED-Project has worked to make its designs and instructions readily recognizable and understandable to all Covered Entities, including those with limited English proficiency. MED-Project continually accepts and considers feedback from Authorized Collectors, community members, and others on the design and consistency of its secure repositories and on the clarity of its standardized instructions. Based on that feedback, MED-Project revises its designs and instructions as appropriate. In Oregon, Authorized Collectors will be able to provide feedback on MED-Project's Program, including on the design of secure repositories and on its instructions for their use, through the Help Desk. Covered Entities and others will be able to provide feedback on the same topics through the Call Center and Website. MED-

Project will receive that feedback and revise its designs and instructions as needed, while maintaining continued compliance with all applicable laws, rules, and other legal requirements.

F. Toll-Free Telephone Number and Single Website Coordination

If more than one Drug Take-Back Program is approved, MED-Project will coordinate with other program operators to enable Covered Entities to easily identify, understand, and access the services provided by all Drug Take-Back Programs per ORS 459A.227(3) by coordinating to provide a neutrally branded single toll-free telephone number and a single website with a neutrally branded landing page. Upon multiple program plans being approved, MED-Project will coordinate with the other program operator(s) to provide a single toll-free telephone number and a single website for Covered Entities to use to contact Program Operators about the Drug Take-Back Programs and to acquire information about the location of drop-off sites and mail-back distribution locations, how to request Mail-Back Services, the dates and locations of scheduled collection events, and other collection processes of the drug take-back programs. MED-Project will coordinate to develop a common program decal, emblem, or logo for all statewide drug take-back programs that can be used on kiosks, the neutrally branded website, and in educational and outreach materials, as appropriate. MED-Project expects that the basic elements of coordination would be as follows:

- **Website.** Establishment of a single website for all approved programs with a neutrally branded URL and landing page for Covered Entities in Oregon. MED-Project proposes website modifications, as necessary, to a neutrally branded landing page for Oregon residents, from which Covered Entities could navigate to separate websites hosted by each approved program operator.
- **Call Center.** MED-Project proposes that the toll-free telephone number and the initial script for Oregon residents would be modified to be program operator neutral in the event there are multiple approved plan operators. Calls would be directed out to a phone number, as appropriate, for an approved plan operator by some algorithm, to be determined. For example, calls inquiring about Mail-Back Services could be routed equally among approved plan operators.

Any Covered Entities that contact MED-Project's branded website or toll-free telephone number will be routed to the neutrally branded Website and Call Center.

MED-Project will notify the Department of the terms of such coordination no later than 60 days after approval of multiple program plans, unless the terms involve changes to the methods used to foster public awareness of the proposed drug take-back program, in which case MED-Project will seek Department approval per ORS 459A.212. MED-Project will also seek Department approval per ORS 459A.212 if changes to the terms of coordination in the future involve changes involving methods used to foster public awareness of the proposed drug take-back program.

Information about how MED-Project will promote the Website and Call Center is provided in Plan § V.D.

G. Developing and Conducting the Biennial Survey

MED-Project will conduct a biennial survey of Covered Entities and of pharmacists and health care providers who interact with Covered Entities. MED-Project will submit proposed survey questions to the Department for preapproval at least 90 days before initiating the survey. MED-Project will submit proposed survey questions in a form and manner prescribed by the Department, if provided. With the proposed questions, MED-Project will also include a plan with additional details about the survey and method of delivery, the planned sample sizes, the related margins of error and confidence intervals, and the methodology to ensure an accurate representation of different demographic and geographic groups in Oregon. After receiving department preapproval of the survey questions, MED-Project will initiate the first biennial survey within two months after the first full year of Program operation, and MED-Project

expects the survey to run for about two months, after which the results will be compiled and evaluated. MED-Project will include the results of that survey in the following year's annual report (i.e., the annual report for the second year of operation will include the results of the first biennial survey). Subsequent surveys will be implemented on the same schedule. The survey will meet the requirements established in ORS 459A.227(2)(b).

MED-Project will propose survey questions designed to evaluate Program education and outreach activities as well as convenience. Proposed questions will seek to determine information like the following:

- Public awareness and usage of the Drug Take-Back Program.
- Extent to which Drop-Off Sites, Mail-Back Services, and Collection Events are convenient and easy to use.
- Knowledge of, and attitudes toward, the risks posed by improperly storing medications and improperly discarding or abandoning Covered Drugs.
- The effectiveness of different messaging methods and platforms in raising awareness of the Program and increasing knowledge of or changing attitudes towards risks posed by improper storage or disposal of covered drugs.

MED-Project will use the survey results to improve Program effectiveness in the following areas:

- Outreach and service to Covered Entities, including Historically Underserved Communities, through various communication tools.
- Convenient resources for Covered Entities for finding Covered Drug disposal options in their area.
- Information about Program collection services, including Drop-Off Sites, Mail-Back Services, and Collection Events, and how to reach MED-Project.
- Educational materials to Covered Entities and pharmacists and health care providers who interact with Covered Entities.

MED-Project will also use the survey results to evaluate its progress toward fostering full public awareness under ORS 459A.209(2)(g). Based on the biennial survey results and other information MED-Project receives from methods used to evaluate awareness, MED-Project will increase or change its outreach and education programs, as appropriate, to work towards its goal of fostering full public awareness.

MED-Project will determine the scope and scale of changes to its outreach and education programs based on the level of public awareness revealed by the biennial survey and other information. In particular, if MED-Project determines that public awareness is below 50% across the State, based on the biennial survey results and other methods used to evaluate awareness, MED-Project will make additional increases and additional changes to its outreach and education programs. Each year, MED-Project will also compare the results from its public awareness analysis to evaluate the progress made toward fostering full public awareness, and MED-Project will also use that information in determining which changes to make. The changes to the outreach and education program may include the addition or expansion of outreach methods used, changes to the reach and frequency of outreach campaigns, and/or direct mail campaigns.

H. Distribution of Promotional Written Materials

MED-Project will provide written materials promoting the safe and secure collection of Covered Drugs to Retail Drug Outlets and hospitals or clinics with on-site pharmacies. The Retail Drug Outlet, hospital, or clinic will distribute these materials upon request to Covered Entities when delivering a medication to the Covered Entity. MED-Project will establish systems through the Help Desk to make written materials available to Retail Drug Outlets, hospitals with an on-site pharmacy, and health care clinics with an on-

site pharmacy at the frequency and in the quantities needed to meet their obligations under the Law. These systems will provide Retail Drug Outlets, hospitals with an on-site pharmacy, and health care clinics with an on-site pharmacy access to the materials needed to meet their obligations to provide written materials, upon request, to a Covered Entity at the time that a medication is delivered to the Covered Entity. MED-Project will distribute an initial set of written materials to Retail Drug Outlets and hospitals or clinics with on-site pharmacies, along with information about how to reorder materials. MED-Project will make additional materials available through the Help Desk and will provide downloadable versions of the materials online in case the sites would like to print their own copies.

VI. Goals

MED-Project's goals regarding the amount of Covered Drugs collected under Program and with respect to fostering full public awareness of the Program are provided in Table 5.

Table 5: Program Goals

	By July 1, 2021	By July 1, 2022	By July 1, 2023 and July 1 each year thereafter
Collection goals	MED-Project's goal is to locate Drop-Off Sites so that 90% of Covered Entities will live within a 20-minute drive of a Drop-Off Site by July 1, 2021.	Based on experience in other jurisdictions, MED-Project's goal is to collect approximately 16,000 pounds of Covered Drugs by July 1, 2022.	MED-Project's goal is to collect approximately 24,000 pounds of Covered Drugs between July 1, 2022 and July 1, 2023 and approximately 26,000 pounds each year thereafter.
Public awareness goals	MED-Project's goal is to develop a proposal by July 1, 2021 that responds to the needs and interests of Historically Underserved Communities, based on Oregon's Kitchen Table's analysis.	<p>MED-Project's goal is to achieve 50% awareness in both urban areas and rural areas, based on the biennial survey results and other methods used to evaluate awareness.</p> <p>MED-Project's goal is to implement an outreach and education program that addresses the needs and interests of Historically Underserved Communities, based on Oregon's Kitchen Table's analysis.</p>	<p>MED-Project's goal is to continue to improve awareness in urban areas and rural areas each year, based on the biennial survey results and other methods used to evaluate awareness.</p> <p>MED-Project's goal is to continue to improve its outreach and education program each year as needed to address the needs and interests of Historically Underserved Communities, based on Oregon's Kitchen Table's analysis.</p>

MED-Project will assess its achievement of the goals described above each year and will report on the results in its annual report. MED-Project has defined its goals to rely on objective metrics that can be readily measured and reported. MED-Project Vendors will report to MED-Project on the weight of Covered Drugs collected. MED-Project will review the results of its biennial survey, along with its achievement of its goals and other information determined to be relevant, to update its goals.

VII. Closure Plan

A. Financial Assurance

As described in Plan § II.A, MED-Project programs are funded by their participating manufacturers. Program budgets are approved in advance of the fiscal year they cover, and participating covered manufacturers commit to fund each operating year in the prior year after the budget has been finalized. In Oregon, in addition to MED-Project's Program advance budget approval and member funding commitment, MED-Project will maintain sufficient cash balance and reserves so that MED-Project has sufficient funding to operate for at least six more months.

B. Proof of Liability Insurance

MED-Project currently maintains insurance policies to cover general liability as well as liability for pollution, errors and omissions, hired and non-owned automobiles, directors and officers, employment practices, and cyber. MED-Project will provide certificates of insurance to the Department upon request.

C. Closure Plan

If MED-Project decides to dissolve or cease operation of the Program, MED-Project will notify the Department by email of its intent to close the Program at least six months prior to Program closure. MED-Project will maintain sufficient cash balance and reserves so that it can operate the Program for six months after providing such a notification to the Department. With cash balance and reserves, MED-Project will continue to provide for the collection and disposal of Covered Drugs via Drop-Off Sites, Mail-Back Services, and Collection Events, as previously planned, to provide convenience to Covered Entities, and will maintain its Call Center, Website, and Help Desk to reflect the available services. MED-Project will maintain its contracts and staff as needed to provide the services described and will maintain and evaluate opportunities to transfer its contracts and operations before final dissolution or cessation of the Program.

VIII. Joint Services Coordination

MED-Project does not contemplate providing joint services with another program at this time and, therefore, does not describe how the programs would coordinate those services. Regardless of whether programs provide services jointly or separately, each program is responsible for meeting the Drug Take-Back Law's requirements and cannot delegate that responsibility to another program. Should MED-Project agree to coordinate services with another program operator, MED-Project will seek the Department's approval for changes to the Plan that require approval under ORS 459A.212(1) and, upon request, will provide to the Department any information about such an agreement, including a copy of the agreement.

MED-Project will coordinate with other approved program operators to provide a single toll-free telephone number and a single website as described in Plan § V.F.

IX. Implementation Timeline

Below is the timeline for the implementation of MED-Project's Program.

Table 6: Implementation Timeline

	Phase 1 By 2 months after plan approval or July 1, 2021, whichever comes first	Phase 2 By July 1, 2021, except where otherwise specified	Phase 3 Longer term
Drop-Off Sites	<p>Continue outreach to Potential Authorized Collectors and obtain executed agreements with interested Potential Authorized Collectors. <i>See Plan § IV.A.1.</i></p> <p>Execute agreements, install Secure Repositories, and begin operating at Drop-Off Sites that have agreed to have a kiosk installed. <i>See Plan § IV.A.2.a.</i> Based on outreach already conducted, MED-Project will begin collecting Covered Drugs at 180 Drop-Off Sites by July 1, 2021.</p>	<p>Continue outreach to and engagement with Potential Authorized Collectors and interested Potential Authorized Collectors.</p> <p>Execute agreements, install Secure Repositories, begin operating at all Drop-Off Sites that have agreed to have a kiosk installed. <i>See Plan § IV.A.2.a.</i> Based on outreach already conducted, MED-Project will begin collecting Covered Drugs at 180 Drop-Off Sites by July 1, 2021.</p>	<p>Maintain a network of Drop-Off Sites as specified by ORS 459A.209. <i>See Plan § IV.A.2.j.</i></p> <p>MED-Project will execute additional agreements with Drop-Off Sites and begin collecting Covered Drugs at those sites within 90 days of executing the agreements. Depending on the status of any waivers, requests for approval, or other considerations, MED-Project currently plans to have executed agreements with and begin collecting Covered Drugs at 220 Drop-Off Sites by July 1, 2022 and at 240 Drop-Off Sites by July 1, 2023.</p> <p>By November 1 of each year, evaluate weight of Covered Drugs collected through Drop-Off Sites, Mail-Back Services, and Collection Events and assess trends that may inform opportunities to improve effectiveness of the Program, recognizing that a variety of activities may affect collection weights, including changes in public awareness of the Program, prescribing practices, and public understanding of the importance of taking medications as prescribed.</p>

	Phase 1 By 2 months after plan approval or July 1, 2021, whichever comes first	Phase 2 By July 1, 2021, except where otherwise specified	Phase 3 Longer term
Mail-Back Services	Build out the Website and Call Center to receive requests for Mail-Back Services and promote Mail-Back Services. <i>See Plan §§ IV.A.3.a and IV.A.3.c.</i>	Provide Mail-Back Services for all Covered Entities through the Website and Call Center. <i>See Plan § IV.A.3.b.</i>	Provide Mail-Back Services for all Covered Entities through the Website and Call Center. <i>See Plan § IV.A.3.b.</i>
Additional Services	<p>Assess the need for waivers and approval for additional services in counties and Population Centers where there may be insufficient Authorized Collectors to meet the convenience standard in ORS 459A.209(2). <i>See Plan § IV.A.2.I.</i></p> <p>In counties and Population Centers where there may be insufficient Authorized Collectors to meet the convenience standard in ORS 459A.209(2), conduct outreach to local government representatives and community-based organizations to develop proposals for additional services. <i>See Plan § IV.A.2.I.</i> Work with third parties like Oregon's Kitchen Table and local government equity officers to facilitate identification of and engagement with Historically Underserved Communities. <i>See Plan § IV.A.2.</i></p> <p>Apply to the Department for any waivers or approvals needed in counties and Population Centers where there may be insufficient Drop-Off Sites to meet the convenience standard in ORS 459A.209(2). <i>See Plan § IV.A.2.I.</i></p>	<p>Update Website and Call Center to provide information on additional Mail-Back Services and Collection Events in accordance with the timeline approved by the Department. <i>See Plan § V.D.</i></p> <p>Where there are insufficient Drop-Off Sites to meet the convenience standard in ORS 459A.209(2), provide Mail-Back Services and/or Collection Events pursuant to approvals and waivers granted by the Department. <i>See Plan § IV.A.2.I.</i></p> <p>Conduct engagement with Historically Underserved Communities. <i>See Plan § IV.A.2.I.</i></p> <p><i>[Note: These services will be available as part of Phase 2 or in accordance with a plan approved by the Department as described in Plan § IV.A.2.]</i></p>	<p>Where there are insufficient Drop-Off Sites to meet the convenience standard in ORS 459A.209(2), provide Mail-Back Services and/or Collection Events pursuant to approvals and waivers granted by the Department. <i>See Plan § IV.A.2.I.</i></p> <p>Reassess need for Drop-Off Sites and additional services on an annual basis.</p>

	Phase 1 By 2 months after plan approval or July 1, 2021, whichever comes first	Phase 2 By July 1, 2021, except where otherwise specified	Phase 3 Longer term
Website and Call Center	<p>Launch website providing:</p> <ul style="list-style-type: none"> – Convenient locations webpage with location search for Drop-Off Sites and Mail-Back Distribution Locations. – A Help Desk for potential Authorized Collectors, Drop-Off Sites, and Mail-Back Distribution Locations. – Downloadable written materials in English. <p><i>See Plan §§ IV.A.2.f, IV.A.2.g, V.C., and V.D.</i></p>	<p>Operate Website and Call Center.</p> <p>Establish a multilingual call center with teletypewriter mode ("TTY") available for Covered Entities.</p> <p>Translate the MED-Project Website into the Specified Languages.</p>	<p>Maintain and operate the Website and Call Center.</p>
Outreach campaigns	<p>For Historically Underserved Communities, identify and initiate outreach to community-based organizations, statewide organizations, and specialized media channels. <i>See Plan § V.B.</i></p> <p>Work with third parties like Oregon's Kitchen Table and local government equity officers to facilitate identification of and engagement with Historically Underserved Communities. <i>See Plan § IV.A.2.</i></p> <p>Initiate outreach campaigns targeting Historically Underserved Communities as described in Plan § IV.A.2 (i.e., outreach targeting Historically Underserved Communities in the State and communication to a variety of statewide and local organizations representing those</p>	<p>Initiate outreach campaigns for the duration of one month at least three times per calendar year designed to be viewed by 50% of State residents over the age of 18 using the following media channels: broadcast television, broadcast radio, print media, and digital media. <i>See Plan § V.A.5.</i></p> <p>Initiate outreach campaigns targeting Historically Underserved Communities through specialized and targeted media. <i>See Plan § V.B.</i></p> <p>Provide informational materials and engagement opportunities for</p>	<p>By July 1, 2022, achieve reach and frequency targets established in Plan § V.A.5 (i.e., outreach campaigns for the duration of one month at least three times per calendar year designed to be viewed by 50% of State residents over the age of 18 using the following media channels: broadcast television, broadcast radio, print media, and digital media). MED-Project will determine the timing for outreach campaigns in consultation with its Vendors to optimize the effectiveness of its campaigns.</p> <p>Continue to sustain outreach campaigns meeting the reach and frequency targets established in Plan § V.A.5.</p>

	Phase 1 By 2 months after plan approval or July 1, 2021, whichever comes first	Phase 2 By July 1, 2021, except where otherwise specified	Phase 3 Longer term
	communities). This will include an initial online survey and listening sessions conducted by Oregon's Kitchen Table over a period of two to four months (to be completed no later than Summer 2021). The results of the outreach should be analyzed in the month following the completion of the online survey and listening sessions.	Historically Underserved Communities through community-based organizations, statewide organizations, and third parties like Oregon's Kitchen Table and local government equity officers as identified in Phase 1. <i>See Plan § IV.A.2.</i>	<p>Conduct outreach campaigns targeting Historically Underserved Communities through specialized and targeted media.</p> <p>Continue to provide informational materials and engagement opportunities for Historically Underserved Communities.</p> <p>Within two months after the first full year of Program operation, MED-Project will initiate the first biennial survey, in accordance with the process for survey questions and plan described in Section V.G. MED-Project will include the results of that survey in the following year's annual report.</p> <p>Every two years, submit proposed survey questions and plan with additional details about the survey to establish awareness of the Program and related topics. The survey will be developed and conducted on the timeline described in Section V.G and reported in the annual report by November 1.</p> <p>By December 1 of each year, evaluate (and propose for Department approval as needed) adjustments to the outreach and education programs</p>

	Phase 1 By 2 months after plan approval or July 1, 2021, whichever comes first	Phase 2 By July 1, 2021, except where otherwise specified	Phase 3 Longer term
			based on biennial survey results and other analysis. <i>See</i> Plan § V.G. Based on the biennial survey results and other information MED-Project receives from methods used to evaluate awareness, MED-Project will increase or change its outreach and education programs, as appropriate, to work towards its goal of fostering full public awareness. <i>See</i> Plan § V.G. for changes MED-Project may propose. MED-Project will continue to evaluate adjustments to the outreach and education program each year to improve on awareness level results.

X. Certification and Attestation

A. Authorized Representative Contact Information

The primary contact person for MED-Project is:

Dr. Victoria Travis, PharmD, MS, MBA
National Program Director
MED-Project USA
3439 NE Sandy Blvd
Unit 3620
Portland, OR 97232
Phone: 1 (833) 633-7765
Fax: 1 (866) 633-1812
oregon@med-project.org

B. Certifying Statement

I, Victoria Travis, hereby declare under penalty of false swearing (Oregon Revised Statute 162.075 and ORS 162.085) that the above information and all of the statements, documents and attachments submitted with this claim are true and correct to the best of my knowledge based on reasonable inquiry.

C. Table of Contents Drug Take-Back Law Components

Appendix J provides a table of contents that clearly denotes where each required component under the Law can be found in the Plan.

Appendix A

List of Participating Manufacturers

MED-Project provides this information on behalf of Covered Manufacturers based on the data made available by those Covered Manufacturers identified in this appendix.

Upon Plan approval, MED-Project will provide the list of Covered Manufacturers participating in the Program every 30 days.

SAFELY DISPOSE OF EXPIRED OR UNWANTED MEDICINE

- 1** Cross out or remove personal identifying information from the medicine packaging.

- 2** Leave the product in its original container or place solid medicine in a sealed plastic bag.

If transferring medication to a sealed bag, please be sure to recycle remaining packaging.

- 3** Put medicine in the kiosk.

Only schedule II-V controlled and non-controlled substances that are lawfully possessed by the ultimate user are acceptable to be placed in the kiosk. Schedule I controlled substances, illicit or dangerous substances, and any controlled substances not lawfully possessed by the ultimate user may not be placed in the kiosk.

For more information about the MED-Project program, please to go to www.med-project.org or call 1-844-MED-PROJECT / 1 (844) 633-7765 (TTY: 711)

MED-Project™
Medication Education & Disposal

DISPOSAL OF HOUSEHOLD MEDICINE:

- 1 CONVENIENT LOCATIONS**
To find kiosk sites in your area, visit the Convenient Locations section of www.med-project.org. Mail-Back Distribution Locations may also be available in your area.
- 2 MAIL-BACK**
Mail-Back Services are available in your area. To order a Mail-Back package, visit the Mail-Back section of www.med-project.org.
- 3 TAKE-BACK EVENTS**
Local take-back events offer residents a free and convenient way to dispose of unwanted medicine. For information on events in your area, visit the Take-Back Events section of www.med-project.org.
- 4 IMPROPER DISPOSAL**
Do not place medicine in the trash or recycling, and never flush them down the toilet.

NOTE: The following items are not accepted in unwanted Medicine Mail-Back Envelopes: herbal remedies, vitamins, supplements, cosmetics, other personal care products, medical devices, batteries, mercury-containing thermometers, sharps, illicit drugs, pet pesticide products, animal medicines, biologics, and inhalers.

If transferring medicine to a sealed bag, please be sure to recycle remaining packaging.

To protect your privacy, patients are reminded to remove all personally identifiable information on prescription labels or materials before using any of the disposal options listed.

This material has been provided for the purpose of compliance with legislation and does not necessarily reflect the views of MED-Project or the companies participating in the MED-Project Product Stewardship Plan.

For more information about the MED-Project program, please visit www.med-project.org or call 1-844-MED-PROJECT / 1-844-633-7765 (TTY: 711).

Sample Display Signage

Note that these are samples. For example, MED-Project plans to use a brand-neutral toll-free telephone number and website URL in its signage.

The signage features a blue background with the text "SAFELY DISPOSE OF EXPIRED OR UNWANTED MEDICINE" in large, bold, sans-serif font. "SAFELY" is in orange, "DISPOSE OF" is in white, and "EXPIRED OR UNWANTED MEDICINE" is in light blue. Below the text are six icons representing various types of medication: a clear plastic bag filled with yellow and purple capsules, a white plastic bottle with a label and yellow capsules, a white tube of ointment, a green and black inhaler, a pink plastic bottle with a label, and a blister pack of red capsules.

Sample Safe Drug Disposal Press Release

Note that these are samples. For example, MED-Project plans to use a brand-neutral toll-free telephone number and website URL in its press releases.

MED-Project Announces a safe and free drug collection and disposal program to Oregon Residents

[Region/County], Oregon – The Medication Education & Disposal Project (MED-Project) today announced a new statewide drug collection and disposal program to ensure every resident can dispose of expired or unwanted medicine safely and free of charge. The program begins on [activation date].

The MED-Project program allows Oregon residents to drop off unwanted medicine at convenient locations across the state, such as pharmacies, medical facilities, and law enforcement offices, year-round. Residents who prefer mailing back their unwanted medicine for safe, free disposal may go to www.med-project.org, contact its call center at (844) MED-PROJECT, or visit one of its authorized distribution sites to obtain pre-paid, pre-addressed packaging.

The following methods of collection for disposal are available in your community:

1. Drop off collection sites:
 - [Site/Location Name], [Address], Available during business Hours
 - [Site/Location Name], [Address], Available during business Hours
 - [Site/Location Name], [Address], Available during business Hours
2. Mail-Back Envelopes: Available for all residents:
 - [Location Name], [Address], Available during business Hours
 - [Location Name], [Address], Available during business Hours
 - [Location Name], [Address], Available during business Hours

The MED-Project medicine collection and disposal program offers a safe, secure, and environmentally friendly way to reduce risks associated with keeping unwanted household medicine at home. It complies with all state laws and regulations.

It is important that patients take their medicine as prescribed by their health care provider and as indicated on the label or packaging. It is also important to be sure to store medicine securely to prevent accidental ingestion or misuse by others, especially children. If you have expired or unwanted medicine, proper storage and disposal are important.

For more information about the MED-Project program and available services, please contact MED-Project at (844) MED-PROJECT/(844) 633-7765, or visit www.med-project.org.

###

About MED-Project

MED-Project is a Section 501(c)(3) non-profit, tax-exempt organization that develops, implements, and operates stewardship programs for unwanted pharmaceutical products from households as mandated by local and state legislation. MED-Project currently operates over 20 pharmaceutical product stewardship programs in California, Massachusetts, and Washington. As the developer and operator of these programs, MED-Project has unique expertise in the operations of mandated household unwanted pharmaceutical product stewardship programs in the United States.

Sample Template: Safe Drug Disposal Location Advisory

Note that these are samples. For example, MED-Project plans to use a brand-neutral toll-free telephone number and website URL in its press releases.

Medication Education & Disposal

MED-Project Encourages the Public to Participate in [State/County/Municipality's] Drug Take-Back Program on [Date]

*Local residents encouraged to bring expired or unwanted medicine to [Location]
for safe disposal*

City, [State/County/Municipality] – The Medication Education & Disposal Project (MED-Project), an organization that is working with governments to reduce the risks of improperly disposed medications on consumers and the environment, announced today that it will host a drug take-back event with [name of government] in [CITY] on [DATE].

All residents are encouraged to bring their expired or unwanted medicine for safe collection and disposal. Participation is free of charge.

[Insert information for residents about what can be collected].

To protect privacy, residents should remove all personally identifiable information on labels or materials brought for disposal.

In addition to the [city] take-back event on [date], there are other convenient ways to safely and securely dispose of unwanted medicine and reduce the risks associated with improper disposal.

3. Drop-Off Collection Sites:

- [Retailer/Pharmacy Name], [Address], Available during business Hours
- [Retailer/Pharmacy Name], [Address], Available during business Hours
- [Retailer/Pharmacy Name], [Address], Available during business Hours

4. Take-Back Events:

- [Date/Time], [Name of Event], [Address/Location]
- [Date/Time], [Name of Event], [Address/Location]
- [Date/Time], [Name of Event], [Address/Location]

5. Mail-Back Distribution Locations:

- [Location Name], [Address], Available during business Hours
- [Location Name], [Address], Available during business Hours
- [Location Name], [Address], Available during business Hours

For more information about the MED-Project program and available services, please contact MED-Project at (844) MED-PROJECT/(844) 633-7765, or visit www.med-project.org.
